Chairmans Report

What has PRRA been doing this month..

Links Ave, meeting with NZTA

Muti Use Arena Tauranga Domain

Papamoa Post advertising

Online Survey “What’s important to you in
Papamoa”

Committee Members.....

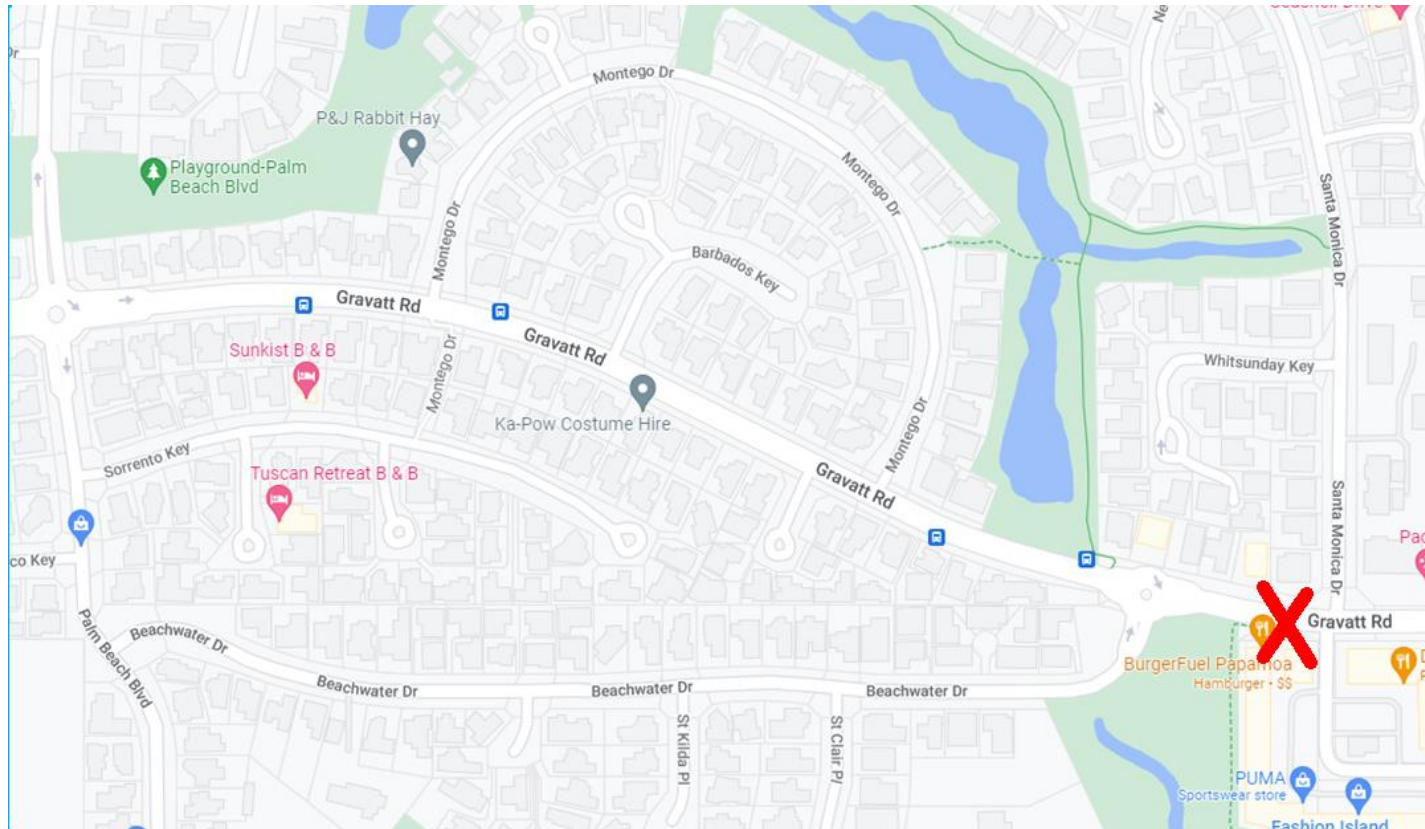

Links Ave

- Unexpected effects of closing Links Ave
- Friends stop coming to visit because they are afraid of being fined
- Loneliness increases for some residents
- Family functions are compromised – gathering after a funeral was poorly attended because the family and friends were scared of getting a fine
- Increased travel times for local residents
- Schoolchildren now being dropped off in Golf Rd amongst very heavy traffic.
- Will this lead to a reduction in house values???
- Restricted resident use.
- Will carry on to 2024 at earliest.

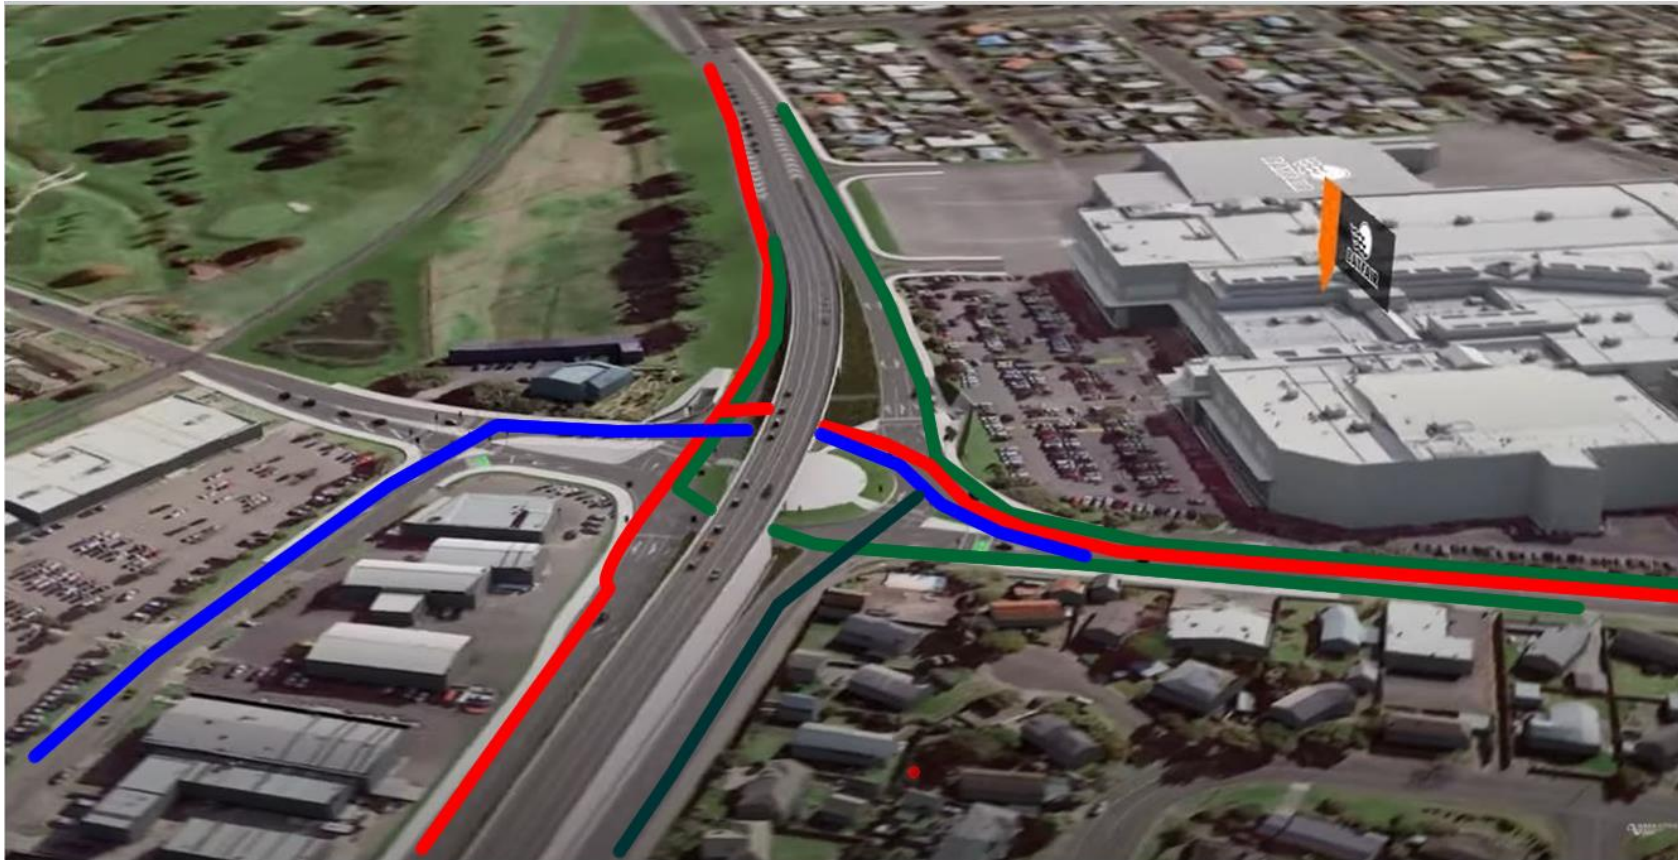

Links Ave 2

- Imagine the council deciding to “cul de sac” Gravatt Rd between Palm Beach Boulevard and Santa Monica Drive. Only entrance is from Palm Beach Boulevard end.
- Don't laugh, the council can do this at any time. Without consultation.

Links Ave 3

- Met with NZTA and TCC in attendance re bus lanes on the B2B
- Not possible -- why not. But we have built bus stops????

Multi Use Arena Tauranga Domain

- Last Tuesday met with Council staff about this stadium. Let me share some interesting insites with you.
- 10000 capacity -- no parking.
- Cost \$166 million and rising rapidly
- Tauranga Elite wants this !!!!!

- And a telephone call I received later in the week.

3 Waters

Road show by Taxpayers Union is here towards the end of the month. Look out for the meeting times.

All kinds of messages are coming out .

The government is pushing on.

Please read all you can to keep up to date.

The image features a promotional graphic for a roadshow. On the left, a stylized white motorhome is set against a red circular background. Above the motorhome, the words "STOP 3 WATERS" are written in large, bold, red and black letters. Below the motorhome, the word "Roadshow" is written in a large, black, cursive font, with "Taxpayers' Union on Tour" in a smaller font underneath. To the right of the motorhome is a map of New Zealand with a red dashed line indicating a travel itinerary. The line starts at a point labeled "Start" in the south and ends at a point labeled "Finish" in the north. Various cities and towns are marked along the route with small red circles. The background of the graphic is a solid yellow color. At the bottom left, the text "TAXPAYERS.ORG.NZ" is displayed. Below that, the title "Three Waters roadshow itinerary" is shown in bold, followed by the tagline "We're hitting the road to Stop Three Waters." in a smaller font. A small white circle with a black letter 'i' is located in the bottom right corner of the graphic area.

TAXPAYERS.ORG.NZ

Three Waters roadshow itinerary
We're hitting the road to Stop Three Waters.

Other bits and pieces

- Very high water levels in Palm Beach Reserve stormwater ponds. The council has raised the outflow level to Harrisons Cut to reduce water flow while they are “rebuilding “ the creek there
- This has raised the level and the heavy rains we have had recently have raised the level higher. You can see ponding water everywhere because it can not flow to the sea.
- Will there be any long term effects????

Thankyou

A very warm welcome to our guest speaker,
local MP Mr Todd Muller.

Questions

1. Why are you standing again after announcing your resignation?
2. What are your views on the termination of local democracy in Tauranga?
3. If National governs after next election, will the commissioners be sent packing and local body elections held?
4. Anyone may make a petition to Parliament about virtually any topic. Can you explain the process, please, and tell us if it could be TRIED as a means of bringing council elections back to Tauranga before July 2024.
